- Nationwide service through agents, wholesalers, supermarkets and retail outlets

Who We Are

An Iraqi import-and-distribution company built around quality, reliability and long-term partnerships.

Established in 2004, Eawan Almosul General Trading Co. Limited is a fully licensed Iraqi food import-and-distribution company headquartered in Mosul. We source and supply selected food and packaged consumer products from reputable manufacturers across Asia, Europe and the Middle East.

Our operating platform combines dry-goods warehousing, cold storage, company-owned delivery capability and a network of agents and distribution partners across key Iraqi markets.

Our role is practical and market-focused: import reliable products, manage distribution, support brand visibility and maintain long-term supplier and customer relationships.

PURPOSE

Vision, Mission & Values

The principles that guide how we choose products, serve customers and work with partners.

VISION

To be Iraq's most trusted gateway for global brands that enrich everyday life and set new benchmarks for quality and value.

MISSION

We import, market and distribute quality food and packaged consumer products, while fostering long-term supplier partnerships and outstanding customer service.

Sales & Trade Marketing

Commercial execution combines distribution, trade relationships and practical market support.

01 Trade Distribution

Service to supermarkets, wholesalers and retail outlets through agents and in-house logistics.

02 Seasonal Promotions

Promotional programs designed around market demand and selling seasons.

03 In-Store Activations

Retail execution that supports visibility and conversion at the point of sale.

04 Social Media Campaigns

Digital activity that complements trade distribution and product promotion.

05 Supplier Relationships

Stable, long-term relationships supported by multi-year agreements.

06 Inventory Visibility

Real-time inventory monitoring to support supply-chain flexibility.

International Sourcing & Trade Engagement

Direct market visits, supplier meetings and leading food exhibitions help us evaluate products, strengthen relationships and identify opportunities for the Iraqi market.

Certifications & Compliance

A product-selection and shipment-review approach centered on recognized food-safety standards and Iraqi requirements.

OUR APPROACH

- Preference for products supported by relevant documents and recognized food-safety certifications where available
- Internal shipment review and documentation checks before market distribution
- Compliance with applicable Iraqi import and quality requirements
- Quality-focused sourcing and supplier follow-up

CERTIFICATION FOCUS

We prioritise products supported by recognized certifications such as Halal, ISO 22000 / HACCP and, where available, Organic certification. Shipments are reviewed through internal documentation and quality-control checks in line with Iraqi requirements.

Quality control is treated as an operating discipline across sourcing, shipment review and market distribution.

Why Partner with Eawan Almosul?

A partnership proposition built on market experience, local operations and long-term supplier relationships.

SINCE 2004

Market Experience

Established Iraqi food trading presence since 2004.

LOCAL PLATFORM

Operational Capability

Warehousing, cold storage, delivery fleet and dedicated departments.

NATIONAL REACH

Distribution Network

Coverage in key Iraqi cities through agents and market partners.

MARKET EXECUTION

Sales & Promotion

Seasonal promotions, in-store activations and social-media campaigns.

LONG-TERM

Supplier Mindset

Stable supplier relationships and multi-year agreements.

QUALITY

Product Discipline

Quality-conscious sourcing and import documentation review.

Milestones

A progression from rice imports to a broader food portfolio and stronger operating capabilities.

A growing track record built on real sourcing activity, supplier relationships and verified market execution.

Future Outlook

Focused priorities for the next stage of commercial and operational development.

- 01 Portfolio Expansion** Broaden the portfolio with selected food and packaged consumer-product categories.
- 02 Distribution Hubs** Establish new distribution hubs to shorten delivery times.
- 03 Digital Operations** Implement ERP & WMS solutions for greater operational efficiency.
- 04 Sustainability** Evaluate eco-friendly packaging and renewable-energy initiatives where commercially practical.

Our growth priorities are focused on faster distribution, stronger systems and more efficient operations.

Management Team

A concise leadership structure for strategic, commercial and operational execution.

01

Founder & Chairman

Seasoned trader who believes ethical dealings and product quality are the pillars of lasting success.

02

Managing Director / Sales & Marketing Lead

Drives brand strategy, digital marketing and key-account management.

03

Operations Manager

Oversees supply chain, warehousing and fleet optimisation.

Owner-led management supports fast decisions, long-term relationships and consistent market execution.
